

# Entertainment

Your event will be talked about for years when you hire After Hours DJ Entertainment and Photo Booths. After Hours offers five-star service with MCs to get the party started, DJs mixing the best beats according to your preferences, and a variety of photo booths, including our new 360° Video Booth.

Create “gram-able” moments with Sparks (indoor cold sparks fireworks), 4' Illuminated Marquee Letters, our Party Robot, CO2 blast, or Live Percussionist.

After Hours offers everything your party needs with attendants and back-ups to ensure your event will impress. Transform your Swan Club event with uplighting, Vertical Towers with Intelligent Moving Heads, Starry Night Sky, or “Name in Lights” showcasing your name or names on the dancefloor.

For weddings, After Hours has your event covered from start to finish with New York State certified officiants, live musicians for your ceremony, cocktail hour, and reception.

Don't forget to end the night with our After Hours Snack Truck! Offering almost any snack food, it's a nice party favor for your guests. You can get the most popular foods from your favorite fast-food restaurants such as McDonald's, Burger King, Taco Bell, White Castle, Checker's, Domino's, or pizzeria pizza. The Snack Truck even offers Breakfast packages for your guests the morning after your event!

But there's no need to say more because our 5-star reviews speak for themselves! Check out our reviews and more of what we offer at our social media links below!
