EAST COAST

East Coast Music & Entertainment has a stellar reputation for providing top tier entertainment at fair prices in New York City, Long Island and the Tri-State Area. Our mission is to really listen to our clients and find live music solutions for every situation and budget. Recent additions and some "outside the box" thinking allows us to create packages at various key price points that are sure to meet your needs. We feel blessed to be in a business where smiling faces (and tired feet) are the company goal!

Our NY flagship band, East Coast is a six to ten piece part band featuring five male and female lead vocalists, a dynamite horn section, and rave reviews. We'd like to invite you to explore our website and be sure to visit us at one of our many public live performances around the Long Island and New York area.

East Coast Music & Entertainment also provides ensembles to accommodate ceremonies, cocktail hours, and just about any entertainment situation imaginable- including DJ and band/DJ combos. Our ever-expanding New York network makes us an outstanding resource for anyone planning a family or corporate event. If we cannot handle a request in house, we will gladly refer someone who can.
