## Touchstone CRYSTAL

Each piece of Touchstone Crystal jewelry is uniquely designed with first quality Swarovski crystals and innovations and is sold exclusively through our Independent Sales Consultants.

The key ingredient: Swarovski Crystal

In every Touchstone crystal accessory shines Swarovski crystal, giving each chic jewelry piece its signature sparkle. Beauty, as the saying goes, is in the eye of the beholder. Above and beyond subjective perception, the quality and value of crystal can be determined by the criteria in the 5 C's of Swarovski Crystal.

Cut, Clarity, Color, Contour, Care
